

PORTFOLIO

A Trusted Voice in Early Childhood Education

ENGAGE • *INSPIRE* • TRANSFORM

I'm Miss Jamie, a passionate advocate for Early Childhood Educators, with a special focus on before and after school programs. As a consultant, speaker, and practitioner, I bring years of experience helping educators navigate the challenges of working with school-age children, fostering professional growth, and creating meaningful, impactful programs.

Through my talks and workshops, I aim to spark inspiration, provide actionable tools, and empower ECEs to build stronger foundations—for themselves, their programs, and the children in their care.

Whether I'm discussing early childhood development, professional learning strategies, or innovative ideas for out-of-school programs, my goal is simple: to help educators feel seen, supported, and ready to thrive.

Let's work together to make an impact—one educator, one program, and one child at a time.

Speaking Topics That Resonate

- Building meaningful relationships with school-age children.
- Fostering collaboration among educators.
- Continuous Professional Learning (CPL).
- Before and After School Programs.
- Leadership and Networking.
- Makaton in the classroom.

Your Partner in Professional Growth

Why Choose Miss Jamie?

What sets me apart as a speaker and consultant is my ability to blend real-world experience with practical, actionable advice tailored specifically for Early Childhood Educators. As someone who has worked directly in before and after school programs, I understand the unique challenges and opportunities of this field—and I'm here to help you navigate them.

My approach is:

Inclusive: I believe in creating environments where every child and educator feels valued.

Relatable: I connect with educators by understanding their realities and speaking their language.

Actionable: Every talk and workshop is packed with tools and strategies you can implement right away.

Engaging: From thought-provoking stories to interactive activities, I keep my sessions dynamic and inspiring.

Above all, I am deeply passionate about empowering educators to feel confident and equipped to make a difference in the lives of children.

Let's collaborate to reimagine what's possible in your programs.

Let's Make an Impact Together

Let's work together to make an impact—one educator, one program, and one child at a time.
